

As a Swiss aviation company operating internationally, Lions Air Group AG offers a wide range of passenger and patient transport services. Its main business areas include VIP business aviation, managed by Lions Air, and ambulance transport by AAA Alpine Air Ambulance AG, which covers primary and secondary missions as well as organ transports. Air and ground transports are coordinated through our own in-house operations center. Emergency missions are dispatched by the respective regional emergency medical dispatch centers. Additionally, Lions Air Group operates Skyair Aircraft Maintenance.

To strengthen our team, we are looking for a new team member to start immediately or by arrangement.

Helicopter Engineer B1.3 EASA, H125, AW139 or H160 (m/f/d)

Your responsibilities
